Have you admired tatting and wondered if you could be able to tat? Only a few stitches need to be mastered in order to create beautiful tatted works of art. This beginner classes will get you on track for shuttle tatting by teaching you the tools and technique.

You will concentrate on learning the double stitch, which all shuttle tatting is based on. Once the double stitch has been mastered, will learn to make rings and picots. The goal of these classes is to create, with practice, a simple edging of connected rings and picots.
